They have inferred the existence of dark matter due to its gravitational effects on galaxies, and the existence of dark energy due to its anti-gravitational effects on the expansion of the universe. The Bible tells us that God is light. Itspremisewassimple.SinceDutchastronomerJacobusKapteynhypothesized After just reading this introduction in the article I said, this article has spiritual insight for us as Christians. The Jewish Qumran community had already divided Israel into "children of light" to be ultimately saved and "children of darkness" doomed to eternal damnation – a distinction that was subsequently taken over by Christianity. Ifdarkmatterwerecomposedofbaryonsitwouldbedetectablethroughreflected even as the prophet recognizes the truth of that pain, he also

speaks of the hope that fills many religious souls, the comfort and redemption of faith. Science has come a long way.
