Hmm – you? In contrast, modern societies create open access to economic and political organizations, fostering political and economic competition. These collectively describe a more or less open access order among the elites.??

If you want to know the details, read chapters six of the book. Stanford, CA
In most societies, which we call natural states, the polity limits violence by manipulating the economy, creating privileges. Advanced Search Find a Library.

North, Wallis, and Weingast explain why-it's the politics stupid! Each, compete for power through violent means. Violence and Social Orders is an important book that deserves a wide readership.
